What Are the Entry Requirements?

The School considers each candidate individually and conducts admissions interviews. We typically require a 360 points from 3 A2s. We welcome well-motivated candidates with non-standard qualifications, including overseas and mature students.

How Do We Listen and Act on Your Feedback?

The Staff-Student Liaison Committee provides a formal means of communication and discussion between schools/institutes and its students. The committee consists of student representatives from each year in the school/institute together with appropriate representation from staff within the school/institute. It is designed to respond to the needs of students, as well as act as a forum for discussing programme and module developments. Staff-Student Liaison Committees meet regularly throughout the year.

Each school/institute operates a Learning and Teaching Committee, or equivalent, which advises the School/Institute Director of Taught Programmes on all matters relating to the delivery of taught programmes at school level including monitoring the application of relevant QM policies and reviewing all proposals for module and programme approval and amendment before submission to Taught Programmes Board. Student views are incorporated in the committee's work in a number of ways, such as through student membership, or consideration of student surveys.

All schools/institutes operate an Annual Programme Review of their taught undergraduate and postgraduate provision. APR is a continuous process of reflection and action planning which is owned by those responsible for programme delivery; the main document of reference for this process is the Taught Programmes Action Plan (TPAP) which is the summary of the school/institute's work throughout the year to monitor academic standards and to improve the student experience. Students' views are considered in this process through analysis of the NSS and module evaluations.

Academic Support

The School runs induction and welcome back meetings at the start of each semester, to update students on School/QM policies and advise them on studies. Each student is assigned a dedicated Personal Adviser throughout their years of study to assist them in choosing their modules

Programme Title: L2N2 - BA Politics with Business Management

and advising them on their studies. The School has 1st, 2nd and Final year dedicated Senior Tutors to deal with Extenuating Circumstances, the Senior Tutors are assisted by the Student Support Manager. To assist with their final year project students are assigned a supervisor whose research matches the topic/subject they wish to focus on.

Programme-specific Rules and Facts

NA

Specific Support for Disabled Students

Queen Mary has a central Disability and Dyslexia Service (DDS) that offers support for all students with disabilities, specific learning difficulties and mental health issues. The DDS supports all Queen Mary students: full-time, part-time, undergraduate, postgraduate, UK and international at all campuses and all sites.

Students can access advice, guidance and support in the following areas:

- Finding out if you have a specific learning difficulty like dyslexia
- Applying for funding through the Disabled Students' Allowance (DSA)
- Arranging DSA assessments of need
- Special arrangements in examinations
- Accessing loaned equipment (e.g. digital recorders)
- Specialist one-to-one "study skills" tuition
- Ensuring access to course materials in alternative formats (e.g. Braille)
- Providing educational support workers (e.g. note-takers, readers, library assistants)
- Mentoring support for students with mental health issues and conditions on the autistic spectrum.

Links With Employers, Placement Opportunities and Transferable Skills

The programme is not connected to a particular employment path and the School does not have links with a particular set of potential employers. However the subject specific and generic skills that are generated by the programme's learning outcomes prepare students for a wide range of employment opportunities. By providing a coherent and thorough overview of the discipline of politics & Business Management, students are prepared for politics-related careers such as the civil service, journalism, political research, social work, local government and working for a non-governmental organisation. More broadly, the emphasis on written and oral communication in the degree, along with the critical and analytical approaches to problem-solving, equip students for a wide variety of careers, including finance and banking, management training, PR and advertising. By providing a robust academic grounding in the subject students can also progress into higher levels of study, including MSc and research degrees, and professional qualifications in law and teaching.
