Programme Outline

The programme will introduce students to the theory and practice of contemporary International Relations. Through its core course students will analyse key concepts in International Relations theory, (i.e. sovereignty and human rights), and explore the historical evolution of significant features of contemporary international order (i.e. states-system or international society). Through this theoretical and historical analysis, the programme aims to provide students with an intellectual framework through which to make sense of post-Cold War international politics,

Aims of the Programme

The aims of the MA programme in International Relations are:

- To introduce students to the dominant theoretical paradigms used in the analysis of International Relations.
- To enable students to apply the various approaches and paradigms to current and historic events and issues in international politics.
- To develop a critical awareness of approaches to the study of International Relations

--

How Do We Listen and Act on Your Feedback?

The Staff-Student Liaison Committee provides a formal means of communication and discussion between Schools and its students. The committee consists of student representatives from each year in the school/institute together with appropriate representation from staff within the school/institute. It is designed to respond to the needs of students, as well as act as a forum for discussing programme and module developments. Staff-Student Liaison Committees meet regularly throughout the year.

Each school operates a Learning and Teaching Committee, or equivalent, which advises the School/Institute Director of Taught Programmes on all matters relating to the delivery of taught programmes at school level including monitoring the application of relevant QM policies and reviewing all proposals for module and programme approval and amendment before submission to Taught Programmes Board. Student views are incorporated in this Committee's work in a number of ways, such as through student membership, or consideration of student surveys.

All schools operate an Annual Programme Review of their taught undergraduate and postgraduate provision. The process is normally organised at a School-level basis with the Head of School, or equivalent, responsible for the completion of the school's Annual Programme Reviews. Schools/institutes are required to produce a separate Annual Programme Review for undergraduate programmes and for postgraduate taught programmes using the relevant Undergraduate or Postgraduate Annual Programme Review pro-forma. Students' views are considered in this process through analysis of the module evaluations.

Academic Support

Students take part in a School wide induction programme. They will have a designated personal tutor as well as a designated dissertation supervisor, both of whom will meet with the students on a regular basis. The School has a Senior Tutor for MA students who will also be available to see students.

Programme Title: MA in International Relations

Students are also kept informed about support and help available either within the school, such as dedicated personal adviser weeks, or support workshops organised by Advice and Counselling at QM or the Language and Learning Unit, via the postgraduate administrator and school office.

Programme-specific Rules and Facts

Specific Support for Disabled Students

Queen Mary has a central Disability and Dyslexia Service (DDS) that offers support for all students with disabilities, specific learning difficulties and mental health issues. The DDS supports all Queen Mary students: full-time, part-time, undergraduate, postgraduate, UK and international at all campuses and all sites.

Students can access advice, guidance and support in the following areas:

- Finding out if you have a specific learning difficulty like dyslexia
- Applying for funding through the Disabled Students' Allowance (DSA)
- Arranging DSA assessments of need
- Special arrangements in examinations
- Accessing loaned equipment (e.g. digital recorders)
- Specialist one-to-one "study skills" tuition
- Ensuring access to course materials in alternative formats (e.g. Braille)
- Providing educational support workers (e.g. note-takers, readers, library assistants)
- Mentoring support for students with mental health issues and conditions on the autistic spectrum.
